

Project TimeLine

Get visibility,
early warnings
and predictions

Project TimeLine offers simple visual presentation of planned Releases, Epics and Sprints across multiple Jira projects.

This helps stakeholders be on the same page as you.

Plan

Plan the work schedule and conveniently share it with anyone on your work-team.

Monitor Progress

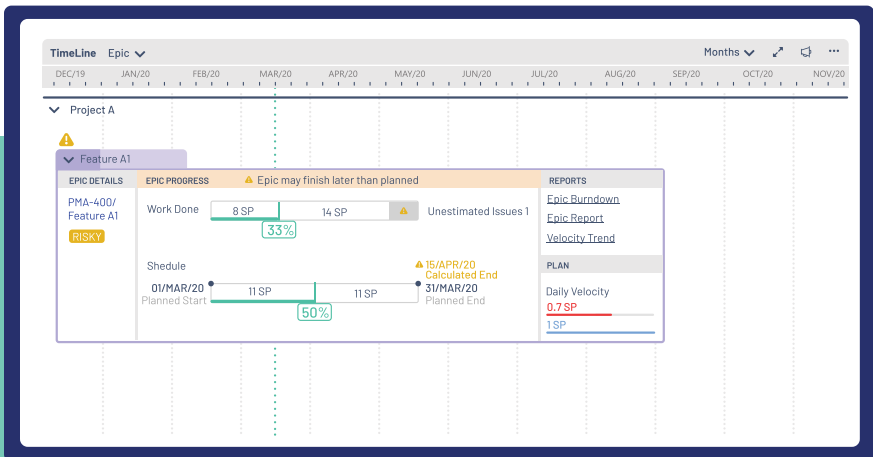

Monitor progress of Releases/Epics on daily, monthly or annual bases.

Get into Details

Inspect details about the Releases or Epics.

Get Early Warnings

Get warnings about Releases/Epics in danger of not meeting the scheduled end date.
